

## **BEAVER SAFETY CONSULTING SERVICES**

*Proudly 100 % First Nation owned*

### **MISSION**

*It is the duty of **Beaver Safety Consulting Services**. to conduct all our operations in a safe and professional manner with accountability to our employees, clients, and other stakeholders. Our priority is to get all workers home safely every day.*

### **VISION**

*Our vision is to become the most reliable, responsible, and respected safety services provider through our discipline and strong values.*

**VALUES:** *Safety, Integrity, Discipline, Respect*

### **Safety**

Worker Protection is the driving force behind all that we do. **Beaver Safety Consulting Services** has a strong, supportive Management Team. We have grown continuously each year because of the commitment from all members of our team. **Beaver Safety Consulting Services** is successful because of focus on safety. We are committed to the safety and well-being of every worker on every work site.

### **Integrity**

We believe that fostering a culture of ownership will allow our team to reach farther, work harder, and achieve more based on the fundamental ideal that what you put in is what you get back. Integrity is a

promise we make to ourselves and our teams that our word is our bond.

## **Discipline**

Moving forward, we will continuously focus on discipline as a primary value. We believe that discipline is the foundation from which we build a strong and successful team, company, and future. Discipline encapsulates all of the training dedication, and accountability that we strive for each and every day on the job. We encourage all members of our team to strive for this level of discipline.

## **Respect**

We use our experience to prevent incidents from occurring because we respect the health and well-being of everyone we work with. We understand our customers' needs and go above and beyond in order to consistently exceed their expectations.

## **MANAGEMENT INVOLVEMENT**

### **Safety Policy**

**Beaver Safety Consulting Services** is committed to the health and safety of all employees, contractors, clients, and the public. The ultimate goal of our health and safety policy is to have an accident free environment and protection from accidental loss.

All employees of **Beaver Safety Consulting Services** are responsible for ensuring that the safety program is continually updated and maintained. Employees at every level are responsible and accountable for our overall safety initiatives. We take responsibility in upholding this commitment by:

- Complying with applicable safety law, government regulations, industry standards, and our own policies. Exercise sound judgment and common sense when undertaking any work related tasks.
- Making safety considerations an integral part of our planning process.
- Remaining sensitive to the concerns of the public.
- Identifying and mitigating the adverse impacts of our operations on the environment in keeping with good environmental and business practices.
- Responding to safety emergencies in a prompt and efficient manner.
- Committing sufficient resources to ensure that its employees are fully informed of their responsibilities and are trained in safety while performing their duties.
- Taking an active approach to understanding any potential health, safety or environmental issues that may pertain to work undertaken as an employee or contractor of **Beaver Safety Consulting**

## **Services.**

All **Beaver Safety Consulting Services** employees and contractors are responsible for obeying all safety rules, following recommended safe work procedures, wearing and using personal protective equipment when required, participating in safety training programs and informing supervisors of any unsafe work conditions.

Do not participate in any activities you deem unsafe; you have the right to refuse unsafe work. You are not expected to sacrifice the safety or well-being of personnel for expediency or any other reason.

Management, employees, and contractors are all committed to meeting this policy, now and in the future.
